

Dear fellow citizens,

As every year, nearly half a million among you make the trip back home to spend your summer vacation. I would like to welcome you all.

The Algerian State endeavours to improve the facilities in place to greet you and make you feel welcome during your stay and I assure you that no effort will be spared in this regard.

I would like to inform you that a network consisting of facilitating committees at seaports, airports and land border posts has been set up. The personnel of this network, which has been extended to the Wilayate (Departments) of the country having seaports, airports and land borders crossings, is there to listen, assist, and provide information to you during your visit. Hereafter is a list of contact numbers through which you can reach those people in all national entry points.

Moreover, a priority access line (green lane) has been reopened for passengers with special needs (elderly people, people with disabilities, people suffering from chronic afflictions, pregnant women, and others).

Finally, I would like to inform those passengers arriving in Algiers by boat that the access passageway exiting across from the People's National Assembly plaza is now reopen during the summer vacation period.

The network in place includes the following:

- A watch unit established at the office of the State Secretary that can be reached :
By dialling 1040 free of charge (from a landline phone)
Through email at:
